International MUN Internship

Result - **Selected**

Dear B SRIHARI,

Congratulations! You have been selected for the 5-weeks Internship with International MUN

You have taken the first step to a bright future. An IMUN Internship opens doors to better career and education opportunities. All active IMUN Interns get IMUN Professional Certificate. That, alone sets you apart. In addition, best performers get rewards and recognition that can be displayed on LinkedIn profiles.

In order to be eligible for this, make sure you are keeping track of your goals and responsibilities.

This letter seeks to help you make note of your IMUN Internship Goals.

This internship is for a period of 5 weeks.

As a Campus Ambassador Intern, you are expected to represent IMUN publicly. This includes but is not limited to promoting IMUN offline as well as on social media channels, PR, Quora, emailers, and all promotional material.

You will be expected to develop proposals, conduct marketing campaigns for IMUN conferences and other IMUN services, business development, and day-to-day workings of a prestigious organization that operates internationally.

Biotechnology and Biomedical Engineering

Biosignal Processing and Analysis

This lab focuses on using, analysing and processing EEG data and provides a platform for EEG data analysis and visualization, to understand the correlations of neural activity through electroencephalography data. The lab is an education platform for engineers and biologists without major requirements for learning methods in signal processing.

Electricity & Magnetism Virtual Lab

We depend on electricity every minute of every day. It seems a mysterious and even a magical force. Magnetism's ability to serve mankind especially lies in its relationship to electricity. That means, magnetism and electricity are so closely related to each other. The concept of this can be applied in many technologies for an effective productivity.
