సమాచార హక్కు చట్టం సామాన్యుడి ఆయుధం అని సాక్షి ఎగ్జిక్యూటివ్ ఎడిటర్ ఆర్.దిలీప్ రెడ్డి అన్నారు. స్థానిక బీక్యాంపులోని సిల్వర్ జుబ్లీ అటానమస్ డిగ్రీ కాలేజీలో హిందీ విభాగం, ఎస్ఎస్సీ విభాగం ఆధ్వర్యంలో సమాచార హక్కు చట్టంపై విద్యార్థులకు అవగాహన సదస్సు ఏర్పాటు చేశారు. ముఖ్య అతిథిగా ఆయన మాట్లాడుతూ ప్రభుత్వాలు చేసే ప్రతి పని గురించి తెలుసుకునే హక్కు ప్రజలకు ఉండవలసి,

మాట్లాడుతున్న సాక్షి ఎగ్జిక్యూటివ్ ఎడిటర్ దిలీప్ రెడ్డి

ఇందుకు ప్రతి ప్రధానంగా మూడు ప్రధాన అంశాలపై పట్టు మండల కేంద్రంలో ఉంటేనే విద్యార్థులకు ఉజ్వల భవిష్యత్తు సమాచార అధి ఉంటుందిన్నారు. సభ్యులలో నైపుణ్యాన్ని కారులు ఉంటూ అభివృద్ధి చేసుకోవాలని, భాషా నైపుణ్యాన్ని ఉంటూ ప్రయోజనం ఉంటుంది కనుక భావ ప్రకటన స్వేచ్ఛను సామాన్యులు సద్వినియోగం చేసుకోవాలన్నారు. బ్రిటన్ వంటి దేశంలో ఏ దేశ పౌరుడైనా కూడా సమాచారం కోరవచ్చన్నారు. దేశ రక్షణ, సార్వభౌమాధికారం, సరిహద్దు విషయాలు, నేర దర్యాప్తు, ఎవరి ప్రాణాలకైనా ముప్పు వచ్చేటటు వంటి సమాచారం మాత్రమే చట్ట పరిధిలోకి రావచ్చారు. పరీక్షల్లో వచ్చే మార్కులతో ఎలాంటి ప్రయోజనం ఉండదని,

MOUNT KHILIMANJARO (5895 Mts)

At 5,895 m, Kilimanjaro is the highest point in Africa. This volcanic massif stands in splendid isolation above the surrounding plains, with its snowy peak looming over the savannah. The mountain is encircled by mountain forest. Numerous mammals, many of them endangered species, live in the park. Climbing Mount Kilimanjaro to the top of the Mountain was the best experience of his life. It truly exceeded my expectations. It brought him new friends, family and experiences to be cherished for the rest of my life.

From a physical and mental point of view, you're climbing the highest freestanding mountain in the world. It's super-tough, especially the summit, but we'll come back to that. The biggest risk however is altitude or mountain sickness. This had our editorial and security teams most worried. It's caused by a lack of oxygen at high altitudes and can be enormously debilitating. In a worst-case scenario, it can even cause death.

Best Practice – 1: Academic

1. Title: Student Study Projects

2. Objectives:

1. To promote research culture in the institution so as to suitably respond to the problems of the society with feasible solutions drawn from the research output of the stake holders.
2. To inculcate interest among students towards research, submission of Study Projects mandated for all Final Year students.
3. To facilitate the students to collect data and information on the topics of their choice
4. To spur on the students in browsing free educational web resources for basic information.
5. To foster skills of information collection, process and presentation in the students.
6. To enable students in application and reinforcement of the knowledge acquired and skills towards public welfare.
7. To utilize the institutional ICT infrastructure optimally in formatting their study projects.
8. To extend the respective departmental digital learning resources to students in completion of their study projects.

3. The context:

Promotion of research culture and spirit among students is one of the 5 Core Values of Higher Education as envisaged by NAAC so as to harness the full benefit of quality education and make the students conversant with the nuances of research procedures.

To ensure augmentation of learning beyond tests, examinations and application of what is learnt for the benefit of society at large.

All the students learn basic research methods, procedures and related skills in 1st and 2nd Year as a part of redesigned curriculum for study projects. The skills are further reinforced through conduct of orientation programs in 1st and 2nd year of their studies.

Submission of study projects by the students is mandatory in VI Semester for internal assessment under autonomous system adopted by the institution.

Thus the inspiring NAAC proposed core value, promotion of research culture and spirit among stake holders submission of study projects by all Final Year students is a step in this direction.

4. The Practice:

Display of lists of topics of study projects assigned to individual students as per their choice with instructions to be followed and the schedule of submission is displayed on the respective departmental notice boards.

Students are advised to:

1. Note down the topics of the study projects concerned as mentioned against their roll numbers.
2. Go through the reference books/journals/periodicals in the college central library and gather new information and points related to their respective projects.
3. Visit the JKC Lab on the day and at the timings as per the schedule to utilize the systems and Internet facility.
4. Use GOOGLE Search engine, open the Websites concerned to the assigned Study Project and download the requisite material to the possible extent and save on their names on desktops.
5. Edit the content discarding unnecessary information
6. Prepare the Study Project in the Word Format.
7. Go through the Study Project once or twice and refine it if necessary
8. Submit the Study Project to the dept. / faculty concerned within the stipulated time

Best Practice – 2: Academic

1. Title: Submission of Digital Assignments

2. Goals:

1. To reduce the use of paper in academic activities and saving the vegetation to some extent as a step towards paperless campus under institutional environmental responsibility
2. To promote the use of ICT in learning process by the students
3. To facilitate the students in gathering additional information on the given topic
4. To encourage the students in browsing free educational Web resources
5. To instill skills of information collection, process and presentation in the students
6. To provide opportunity to students for applying and reinforcing their MS Office knowledge and Internet skills
7. To utilize the institutional ICT infrastructure optimally for the benefit of students
8. To enrich the departmental digital learning resources with student-centric initiative

3. The context:

Promoting the use of technology is one of the 5 Core values of Higher Education as envisaged by the NAAC so as to harness the potentiality of much advancing ICT for providing quality education and in turn making the students conversant with the application of ICT.

Augmentation of stand-alone systems, workstations with LAN and computer terminals with Internet facility prompted to go for innovative approach for their optimal utilization.

All the students learn Basic computer skills, MS Office Tools and Internet skills in first and second years as a part of re-designed curriculum. The skills are further reinforced in the JKC training in the third semester.

Submission of assignments by the students is mandatory in every subject in each semester for internal assessment under autonomous system adopted by the institution that results in the use of valuable plant product – white papers, adding to the environmental problem.

Thus the inspiring NAAC proposed core value, promoting the use of technology, the concept of optimal utilization of IT infrastructure, the urge to provide opportunity to students to apply their learnt computer skills and the consciousness of environment made the Dept of Botany to initiate the eco-friendly method of submitting the internal assignments in digital mode by the final year students in their final semester.

On assessing the effectiveness of the initiative of the department of Botany, the IQAC has institutionalized the practice making all the other departments to adopt it for the final year students in the final semester.

4. The practice:

Step1: Display of lists of topics of papers VII and VIII assigned to the individual students with the following instructions and the schedule of using JKC General Lab ICT facility, on the Dept Notice board.

Instructions:

Students are advised to:

- 1) Note down the topics of the papers concerned as mentioned against their roll numbers
- 2) Go through the reference books / journals / periodicals in the central library and gather new points
- 3) Visit the JKC Lab on the day and at the timings as per the schedule to utilize the systems and internet facility
- 4) Use GOOGLE Search engine , open the Websites concerned to the assigned topic and download the requisite material to the possible extent and save on their names on desktops
- 5) Edit the content discarding unnecessary information
- 6) Prepare the assignment in the Word Format or Power point
- 7) Restrict the assignments to 5-6 papers in the word format or 20-25 slides in PPT Format
- 8) Go through the assignment once or twice and refine it if necessary
- 9) Submit the assignment on-line to the e-mails of the dept. / faculty concerned within the stipulated time

Schedule for JKC –IT infrastructure use:

- The students are divided into 4 or 5 batches depending on the strength.
- Each batch is allotted with a slot of 3 days on different days- First day for collecting the information; second day for editing and the third day for finalization and on-line submission to the department.
- The Full time mentor in JKC lab is instructed suitably to assist the students in the process and to solve any technical problem that may crop up while handling the systems.

Step2:

- The students note down the assigned topics.
- Visit the central library and prepare the frame work of the assignments
- The students go to the JKC General Lab as per the schedule, collect the information, process it and prepare the assignment either in the Word format or Power Point.
- The faculty members monitor the students work in the JKC lab and pass on necessary suggestions
- The students submit their assignments on-line to the department within stipulated time

Step3:

Activities in the department:

- 1) Downloading the student assignments
- 2) Evaluating the assignments and awarding marks
- 3) Saving the yearly assignments in a CD/DVD
- 4) Passing suggestions to the students based on evaluation and observation

Step 4:

Motivating and guiding the students in using the effective digital assignments in the class seminars.

5. Evidence of Success:

- Enthusiastic participation of students in the preparation of digital assignments using ICT in JKC lab
- 4 Batches of the students implemented this method so far successfully
- Enhancement of digital resources in the department
- Students have been motivated towards ICT based self-learning
- Some effective PPTs prepared by the students are used by the faculty in the classroom while dealing with the topics concerned
- Useful for student co-operative learning by sharing the digital assignments

6. Resources Required:

1. Reference books, journals/periodicals available in the central library
2. Computers with LAN and Internet connectivity installed in JKC General Lab
3. Personal Computer for evaluation, LCD Projector for presenting in the classroom acquired by the department
4. Storage gadgets – CDs / DVDs which are available with nominal cost

7. Problems encountered:

Some students are unable to edit the downloaded e-content from the multiple resources according to the frame work of the given assignment topic. Those students are identified by the faculty member concerned and guided suitably to complete the assigned work in the JKC lab.

A few students in every batch are facing difficulty in the preparation of digital assignments owing to inadequate computer and Internet skills. These students are advised to take the cooperation of their friends who are well versed in computer and Internet skills.

8. Other Information:

- There are 120 systems with Internet connectivity and LAN facility at 3 terminals in the college premises.
- As such, there is enough scope to adopt the practice of submission of digital assignments by all the departments for the fifth semester papers also.
- The practice ensures the optimal utilization of IT infrastructure and *inculcating ICT culture* in the students.

Best Practice – 3: Administration

1. Title: *Admissions through Collaboration and Counseling*

2. Goals:

- 1) To increase the number of competitors for the Entrance Test to pick up the better candidates for admission
- 2) To reduce the escalating expenditure in conducting Silver Entrance Test separately
- 3) To provide choice to the students in selecting the group in the four Academic streams offered by the college
- 4) To reduce the financial burden on the students for the purchase of application, attending the test and counseling
- 5) To facilitate the students in attending counseling with less physical strain and financial involvement

3. The Context:

The college has been maintaining its uniqueness in the selection of the meritorious students from all across the three regions of the state – Telangana, Andhra and Rayalaseema, through a state-wide entrance test since its inception in 1972.

There is another Government Residential Degree College at Nagarjuna Sagar functioning under A P Residential Society.

Gradual escalation in the expenditure in conducting Entrance Test separately for the institution resulted in the increase of entrance test application form to the tune of Rs. 450/-, relatively on the higher side for the poor students.

Decreasing number of competitors owing to the increased application cost and attending the tests separately for the SJGC (A), Kurnool and APRGDC at Nagarjuna Sagar.

Difficulty faced by the students from the remote areas such as Adilabad and Srikakulam districts for attending counseling at Kurnool only.

Lack of flexibility to the students to change the group within the academic stream i.e. the student had to join in the same group that was opted while submitting the application for the entrance test irrespective of his rank in the entrance test.

The above circumstances propelled the Governing Body in its meeting in February, 2012 to discuss and decide to adopt the innovative strategy of conducting Common Entrance Test (CET), through collaboration with the Andhra Pradesh Residential Education Institutes Society (APREIS), Hyderabad which is regulating the function of Residential Junior Colleges and one Residential Degree College and Counseling method for the allotment of seats in different programmes and groups within the programmes based on the ranks and choice of the students.

4. The Practice:

Stage 1:

- Issuing notification in the leading dailies for the Common Entrance Test both for the SJGC (A), Kurnool and APRDC, N.Sagar in the last week of March
- Receiving the OMR application forms in April

- Conducting Entrance Test in 16 centres all across the state in the 2nd week of May

Stage 2:

- Posting the ranks in the websites of SJGC(A), Kurnool and APREIS, Hyderabad and dispatching the hard copies by post in the last week of May
- Preparing the lists of candidates for counseling following the rules of reservation and posting the lists and the schedule of counseling in the websites

Stage 3:

- Conducting counselling at two centres in the 1st week of June
- Counselling for the students of Telangana and Andhra regions is conducted at N. Sagar, almost geographically midpoint for both the regions
- Counselling for the students of Rayalaseema region is conducted at Kurnool
- Allotting the seats in the respective programmes offered by the two colleges based on the choice and ranks of the students in the entrance test
- Issuing provisional selection order mentioning the name of the college, programme and group

Stage 4:

- Admitting the students in the respective colleges as per the provisional selection order issued by the Regional convener

5. Evidence of success:

- The number of competitors for the entrance test increased from 2018 to 2017 to the academic year 2017-18.
- The cost of application is reduced from Rs.450/- to Rs. 150/-
- Enhancement in the number of students of Andhra region in attending counseling as the centre – Nagarjuna Sagar is conveniently located
- Students are very much satisfied as they are able to get the admission into the group of their choice
- Improvement in the number of admissions into 1st year courses in different groups and to put it numerically;

6. Resources required:

1) IT infrastructure and facilities at Govt. Computation Centre are used at nominal fee for processing the OMR applications, answer sheets, generation of hall tickets, generating rank cards and counseling intimation letters

2) Physical facilities and the faculty in the Govt. Degree colleges at respective Centers are used for the conduct of entrance test as per the schedule

3) A team of faculty members of SJGC (A), Kurnool and APRGDC, N. Sagar, familiarized with the rules and regulations is actively involved in all the stages of admission process under the guidance of the State Convener of APRDCCET

7. Problems encountered:

The problem of accommodation and boarding facilities to the students and parents while attending the counseling programme is solved by providing the facilities in the hostels at respective centers at nominal cost.

The problem of postal delay with regard to dates and venue of counseling is solved by posting the information on the websites and sending the SMS alerts to the selected students.

The issue of vacancies created owing to non-joining of the students selected at the counseling centers is solved by filling up them through mobile-counseling as per the merit list and rules of reservation.

8. Other information:

Though the counseling is conducted at N.Sagar almost the midpoint for the Telangana and Andhra regions, the students of remote districts are still facing logistic and financial problems.

The innovative method of conducting on-line counseling is to be planned and pursued for the admissions in 2018-19.

S W O C Analysis

Strengths:

- Curriculum design with **Semester** pattern and **Choice Based Credit System**
- Meritorious students from all across the State enrolled through **State-wide Entrance Test**
- Qualified teachers with skills of **ICT utilization** in teaching-learning and evaluation process
- Availability of *e-learning spaces* enriched with **IT infrastructure**
- Effective Library, Physical Education, NCC, NSS, JKC and other Student Support service wings
- Functioning with **Autonomy and Residential System**
- Proctor system with personal interactions during **Study Hours** in hostels

Weaknesses:

- The range of academic programs became limited owing to *minimum sanctioned strength* of the college
- Constraint of physical facilities to go for *vocational programmes*
- Students from outside the state / overseas cannot be admitted as ours is a state-wide college
- Publication of research papers in the journals with effective impact factor is to be promoted
- Limited availability of outside expertise as it is located in semi-urban area

Opportunities:

- Availability of **Open educational resources** for qualitative e-content development/ e-Learning
- **Nallamala forest**, abundant **Mineral resources** in the vicinity for research and for introducing Forest/Industry based courses
- Scope for mobilization of resources from Govt. of AP and UGC under various developmental schemes
- Linkages / collaborations with the national institutes/organizations through Commissioner of Collegiate Education, A.P., Hyderabad
- **Potential Alumni** occupying prestigious positions for enhanced involvement for the progress and development of *alma mater*

Challenges:

- Shift of youth from academic education with a focus on fundamental sciences to professional education
- Increase in the number of *corporate colleges*, advent of Degree Colleges even in remote rural areas
- *Five-year integrated courses* offered by premier institutions
- Conventional mind-set of the stakeholders
